## OVERVIEW OF ENROLLMENT REPORTS

Enrollment numbers are one of many ways to look at our Mennonite educational institutions and programs. It is the intent of this report to offer a glimpse into Mennonite education by focusing on one area: enrollment. For those who are interested in more in-depth analysis or more information on a specific area, please contact the MEA office at [info@mennoniteeducation.org](mailto:info@mennoniteeducation.org).

MEA has gathered enrollment statistics from the various education levels and educational programs for many years. Enrollment statistics at the PreK-12 level include only the member schools of Mennonite Schools Council (MSC). Please note that two international schools are affiliated members of MSC—Colegio Americas Unidas in Colombia and Lezha Academic Center in Albania. Other Mennonite PreK-12 schools and early childhood education centers scattered across North America that are not MSC members are not included in these reports. Preschool enrollment data was collected from Mennonite Early Childhood Network members for the seventh time this year.

The enrollment data is presented using the following levels and/or categories:

**Preschool programs** of Mennonite Early Childhood Network (MECN)

**Prekindergarten, elementary, middle and secondary programs** of Mennonite Schools Council (MSC) schools

**Undergraduate programs** of Bethel College, Bluffton University, Eastern Mennonite University (EMU), Goshen College and Hesston College

**Adult degree-completion programs** of Bluffton University, EMU and Goshen College

**Graduate programs** of Bluffton University, EMU and Goshen College

**Seminary programs** of Anabaptist Mennonite Biblical Seminary (AMBS) and Eastern Mennonite Seminary (EMS)

**Other degree programs** of Anabaptist Learning Institute (ALI) and Seminario Bíblico Anabautista Hispano (SeBAH)

**Non-degree programs** of AMBS, EMS, EMU and Instituto Bíblico Anabautista (IBA)

Under each level are current year statistics and basic enrollment trend charts or tables. We have chosen to further break down the enrollment data by focusing on Mennonite enrollment data (both Mennonite Church USA and other Mennonite groups) and Racial/Ethnic enrollment data (including both U.S. Racial/Ethnic and international students).

As you look at the numbers and reach your own conclusions, here are some helpful definitions:

**Full-time** – students taking the number of credit hours required by the institution to receive full-time status

**Part-time** – students taking fewer credit hours than the minimum needed for full-time status

**FTE** – full-time equivalent (adding the credit hours of both full-time and part-time students to determine the possible number of full-time students)

**Head count** – total number of students regardless of their part-time or full-time status

**Racial/Ethnic** – refers to students from under-represented Racial/Ethnic groups from the United States; in the higher education institutions the Racial/Ethnic count refers only to Racial/Ethnic students from the U.S., international students are a separate category

**International** - students at U.S. schools from countries other than the United States, and students at Canadian schools from countries other than Canada

A significant effort was made to ensure that our enrollment reports have integrity and that the findings accurately reflect the numbers. The enrollment numbers of an entire educational system can bury implications deep below the obvious surface interpretations. Care needs to be taken that assumptions are not made using only one small part of the data without putting such data elements into the context of the larger system. In an educational system as small as MEA's, a few unique circumstances can skew the findings of an entire segment of the report. These unique situations have been identified when possible throughout the report and have been taken into consideration in our analysis of the information. Tension between system wide trends and local realities is acknowledged. It is also important to note that these numbers are a picture of what enrollment looks like on a *particular* day at a *particular* institution.

The transformation that birthed MEA and merged multiple educational systems also disrupted the long-standing data collection procedures. The most reliable and consistent data enables eight-year to 14-year trend reports. Enrollment numbers from one year provide a very short insight into enrollment patterns, but they are not very helpful for long-range planning. Whenever possible, longer trends are provided. Great care has gone into the accuracy of the numbers reported.

The interpretation of the numbers can be viewed from several perspectives—usually shaped by the question or the person reading the data. For the purpose of this report, the focus was determined by the MEA outcome statement focused on “ready and viable access” as stated below:

***Viable Access.*** Students seeking Christ-centered Anabaptist-Mennonite education have viable access to Mennonite Church USA schools.

Working with the schools on issues related to location, delivery system, cost, transfer and outreach to the under-served, MEA envisions and supports programs and initiatives that facilitate ready accessibility.

# TOTAL SYSTEM HIGHLIGHTS

## Current Year Systemwide Enrollment

Mennonite educational institutions are touching the lives of 9,978 students (based on headcount) in fall 2018, a decrease of 462 (4.4%) students from the 2017 total of 10,440. In higher education, the total headcount decreased by 245 students (with decreases of 53 in adult degree-completion, 28 in seminary, 168 in undergraduate and an increase of 4 in graduate) while preschool, elementary and secondary education levels showed a decrease of 217 (19.1%). All higher education institutions reported their enrollment numbers. For the academic year 2018-2019, there are 23 MSC schools (20-member schools and three affiliates), and MEA received data from 19 of them. For the previous academic year, data was received from 17 MSC schools.

Headcount information from Mennonite Early Childhood Network (MECN) preschool/childcare centers (non-MSC schools) is included for the eighth year. For the academic year 2018-2019 MEA received data from three preschool/childcare centers. The data varies from year to year depending on which preschool centers report information.

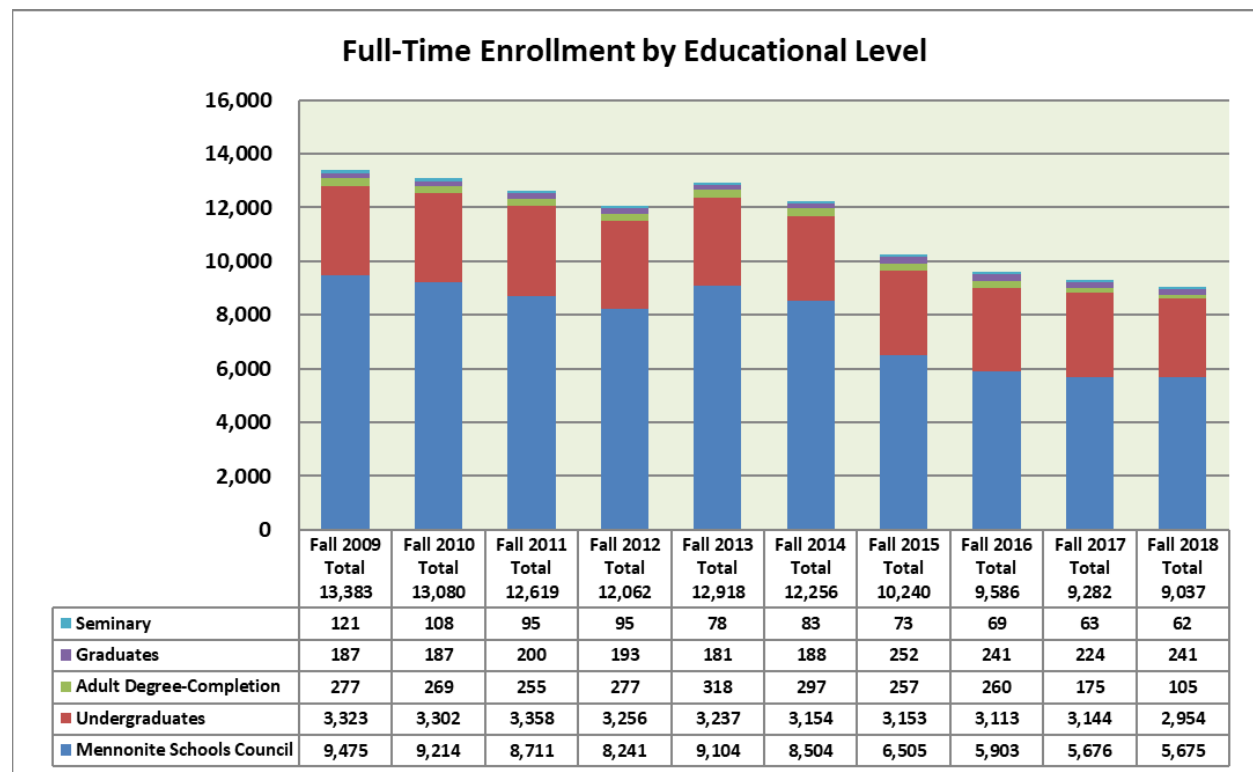

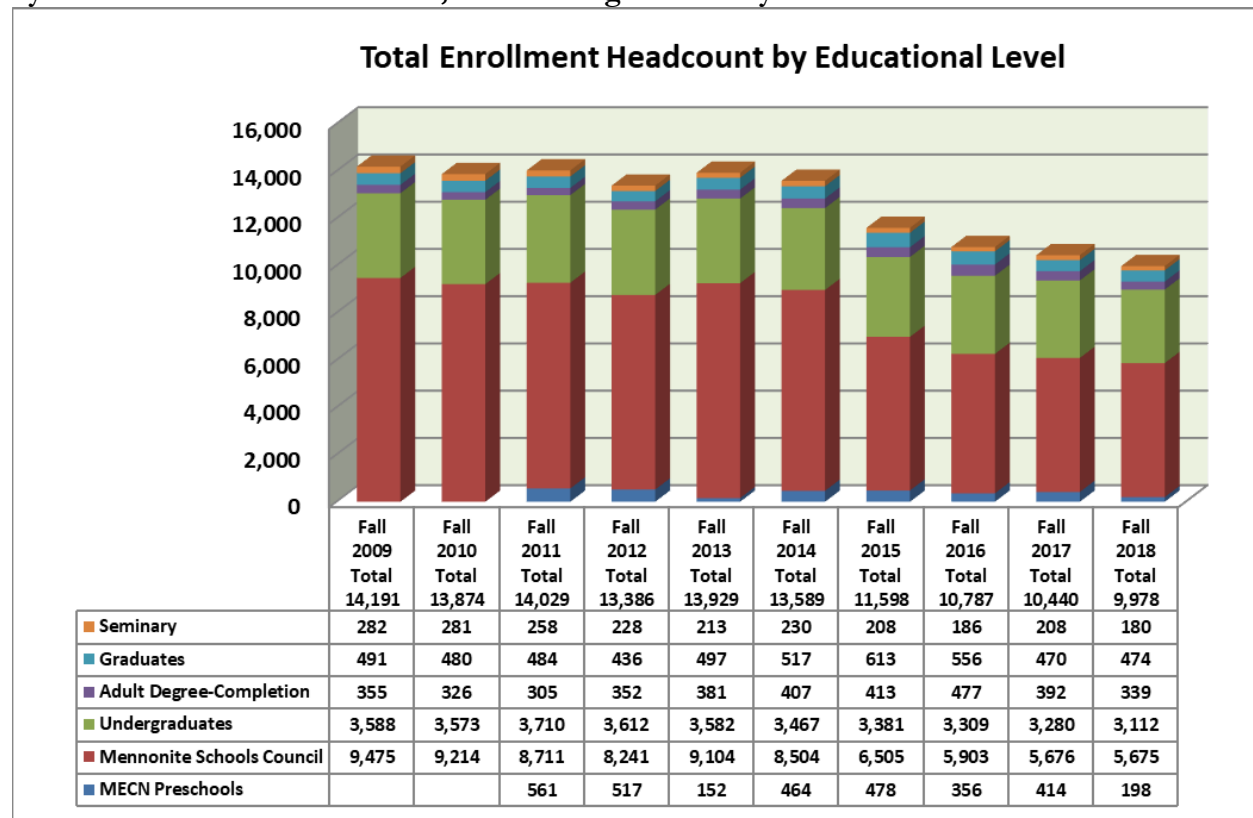

## Current Year Systemwide Mennonite Enrollment

“Mennonite Church USA” students include only those that report attending a Mennonite Church USA congregation. All other Mennonites are included in the “All Mennonite” category. Note that the number of Mennonite Church USA students in higher education in fall 2018 (590) decreased from the 2017 total (703) for a combined decrease of 113 while PreK-12 decreased 285 for a total net decrease of 398 in fall 2018.

### Multi-year Mennonite Full-time Students as Percentage of Total Enrollment, 2013-2018

In 2018, Mennonite Church USA students comprise 18.7% of the total full-time enrollment at all levels, and full-time all Mennonites account for 27.5% of the total full-time enrollment. The systemwide full-time Mennonite Church USA and other Mennonite student enrollment decreased 412 students (15.24%) from 2,704 in Fall 2017 to 2,292 in Fall 2018. Full-time enrollment data from Fall 2013 to 2018 are included for comparative purposes. The Mennonite student population for the total enrollment breaks out as follows:

You may note that the total number of all Mennonites attending higher education institutions decreased from 1,281 to 744 (-41.9%) from 2013 to 2018. All areas of higher education experienced a decrease (Undergraduate from 1,138 to 679—40.3%, Adult degree-completion from 26 to 3—88.5%, Graduate from 70 to 21—71.4%, and Seminary from 47 to 41—12.8%) during the same time period. In this section, the PreK numbers from MECN institutions or programs that are not part of MSC schools are not included because the number of Mennonite/non-Mennonite students is not available.

## **Mennonite Early Childhood Network**

The Mennonite Early Childhood Network (MECN) was established in 2005 to address the care and education of children, birth through kindergarten, in through-the-week programs. The mission of MECN, is to assist in developing the whole child spiritually, physically, emotionally, socially and cognitively with a framework that reflects an Anabaptist interpretation\* of the Christian faith by providing information and resources for parents and early educators of all children, birth through kindergarten. (\*Christ is the center of our faith, Community is the center of our life, Reconciliation is the center of our work)

MECN provides resources for nurturing young children, including the website *Building Faith* at <http://buildingfaithmecn.weebly.com/> written by Mennonite parents of young children to provide Anabaptist-based resources for those who raise and teach young children. MECN maintains a website that includes resources for early childhood education on the Mennonite Education Agency (MEA) website ([www.MennoniteEducation.org](http://www.MennoniteEducation.org)), encourages networking opportunities among its members, and represents Mennonite early childhood education at Mennonite conferences. MEA currently provides staff, website, and financial support.

### **MECN members, reporting fall 2018**

- Preschool/Centers
- Mennonite Schools Council (MSC) schools

### **MECN Survey Results – Fall 2018**

Fourteen early childhood programs responded to the Mennonite Early Childhood data survey. Eleven of these are Mennonite Schools Council members. Two are independent centers housed in Mennonite churches and one is a preschool associated with Goshen College. All sites operate in Mennonite facilities and/or are operated by Mennonites.

The programs represented were:

- preschool as part of a school program
- preschool (separate from a school program)
- Laboratory School

All but two schools reported having a state license plus regional accreditation or participation in a quality rating system like the STARS rating, accreditation by the National Association for the Education of Young Children (NAEYC), or accreditation by a regional body. Seven of the 13 MSC schools have MEA accreditation.

Mennonite early childhood centers serve a diverse mix of families. This includes Mennonite and related Anabaptist families, families from other denominations, and families with no faith affiliation. The reporting early childhood centers reported that they serve 18% Mennonite families and 34% ethnic diversity but are majority Caucasian. Centers reported having children with exceptionalities/special needs from one student to 5 students (4% of student enrollment).

The early childhood centers represented in this report were started out of parent, family, community, church and school initiatives in each decade since the 1940s.

Program highlights that were shared include the following:

- Campus Center for Young Children in Goshen, IN achieved re-accreditation by NAEYC and retained 100% of staff
- Roberta Webb Child Care Center in Harrisonburg, VA:
  - One of the highlights of the year was our graduation ceremony for 12 children moving to Kindergarten. We invited parents to come on a Friday afternoon the beginning of June for a time of hearing the children perform many songs and fingerplays, receive their diplomas and flower, and refreshments. One of the parents made a special cake with the names of all the children, and about 60 parents, grandparents, other family and friends were able to attend. It was great to see so many families involved!
- Salford Mennonite Child Care Centers in Harleysville & Lansdale, PA:
  - SMCCC restructured their administrative jobs. We now have an Executive Director, a Director and one Administrative Assistant that move between campuses on a routine basis. So far, the restructure has been successful.
  - Both centers went through the NAEYC reaccreditation process this year and passed with not further follow up visits necessary.
  - Our waiting list continues to grow at both centers as we cannot enroll more children until we hire more qualified teachers.
- Parent and Preschool Center in Lancaster, PA celebrated their 40<sup>th</sup> Anniversary in 2017.
- Dock Mennonite Academy in Lansdale, PA:
  - Through our desire to connect our school with the larger community, we added two new programs as an extension of our Early Childhood – “Tot Time” and “Play with Purpose.”
  - An annual highlight is our EC Grandparents Day, when Grandparents/Special Guests join our EC classes for food, fellowship and enjoy a preview of our Middle School musical. This year the musical was Seussical.
- Hinkletown Mennonite School Pre-K in Hinkletown, PA:
  - A classroom aide was hired that is with all the students for their entire time at school and is consistent (rather than depending on a volunteer that has changed every year)
  - 100% of the students were ready to begin kindergarten at the end of the year -- a highlight more than an achievement since students are not responsible for their developmental level!

Challenges were noted:

- Funding the sliding fee scale to keep our program accessible to all families.
- Encouraging parents/care providers to embrace the importance of developmentally appropriate practice rather than pushing for “academic rigor” for young children.
- We would love to see increased enrollment numbers.
- Working with parents to understand stages of child development and emotional needs of their children.
- Meeting a wide variety of developmental / emotional needs as students come to us for their first school experience
- Convincing parents to get their children evaluated when services are needed but not yet being given.
- Collaborating with parents about student behaviors and getting appropriate follow through at home regarding observations in the classroom.
- Hiring and retaining trained, experienced staff.
- Dealing with difficult family dynamics
- Budget

- With the recent changes to the quality-rating program Keystone STARS grants given to our teachers as retention grants may not be given since we are the highest STAR level.
- Keeping good teachers with the small salary packages we offer. As a nonprofit our only source of income is tuition which now must stretch further than before towards teacher salaries on top of maintaining a quality program.
- Qualified teachers: We struggle to get qualified teachers to interview. There have been a lot of candidates that think they are qualified to teach in an early childhood setting because they have raised children or volunteered in Sunday school, unfortunately that experience does not always match the demands of a job in Early Childhood Education.

## PreK-12 Current Year Enrollment

Total PreK-12 enrollments only decreased 1 student (-0.02%) from 5,676 in fall 2017 to 5,675 in fall 2018. For the academic year 2018-19, there are 23 MSC member schools (including three affiliates), and MEA received data from 19 of them. For the previous academic year, data was received from 17 MSC member schools.

### Racial/Ethnic Enrollment Changes, Fall 2011 through Fall 2018, PreK-12 Schools

Racial/Ethnic enrollment counts include all students from under-represented Racial/Ethnic groups, not just Mennonite Church USA. Only schools reporting this information are included in this table.

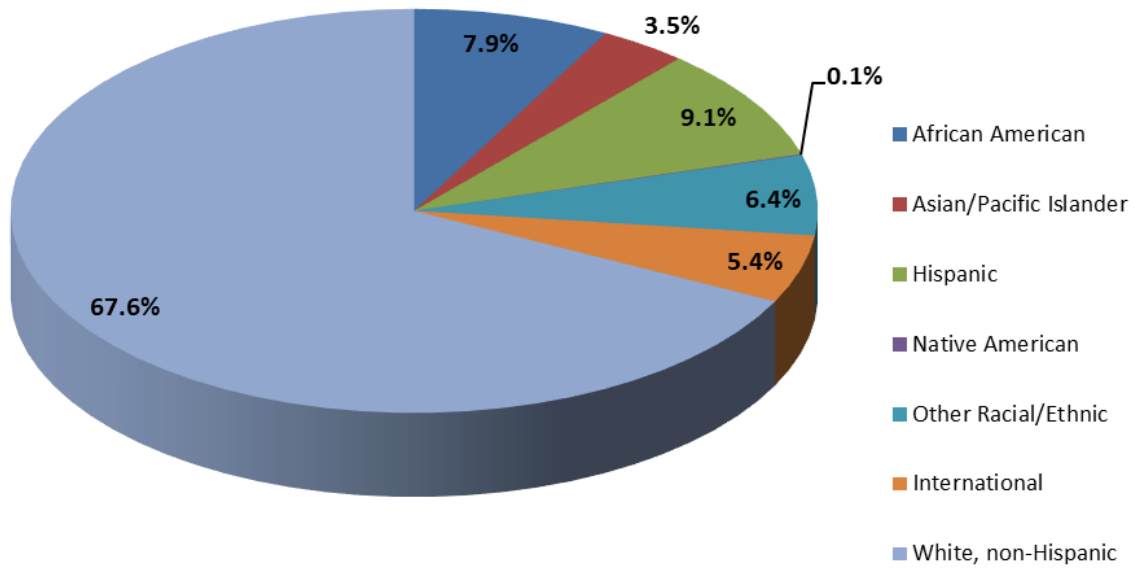

The changes in the Racial/Ethnic student percentage of enrollment reflect variations in the schools that reported from year to year.

MSC schools as a whole have experienced a decrease in the Racial/Ethnic population which follows the general decrease in the number of MSC schools. However, another way to look at the data would be that in fall 2011, the average number of Racial/Ethnic students in each of the 30 reporting institutions was 64, and in 2018 the average number of Racial/Ethnic students in each of the 19 reporting institutions was 74.

## HIGHER EDUCATION: Undergraduate Programs

### Current Year

- The undergraduate headcount decreased 168 students from 3,280 in fall 2017 to 3,112 in fall 2018, a decrease of 5.12%.
- The undergraduate full-time equivalent (FTE) enrollment decreased by 160 FTE students (5.0%), from 3,196 in fall 2017 to 3,036 in fall 2018, compared with an increase of 12 FTE students (0.4%) from 3,184 in fall 2016 to 3,196 in fall 2017.
- The undergraduate full-time enrollment decreased by 190 students, from 3,144 in fall 2017 to 2,954 in fall 2018, a decrease of 6.0%.
- The undergraduate part-time enrollment increased by 22 students, from 136 in fall 2017 to 158 in fall 2018, an increase of 16.2%.

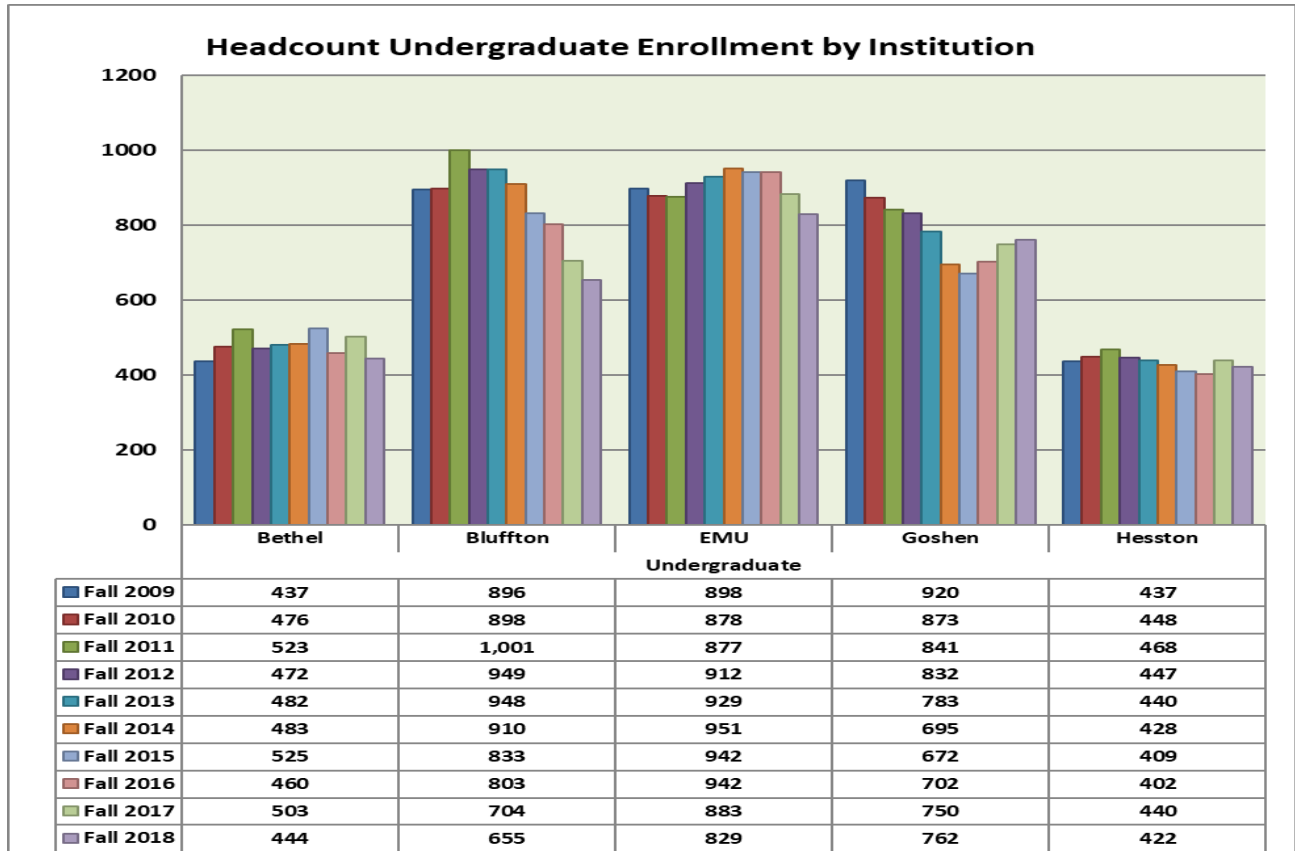

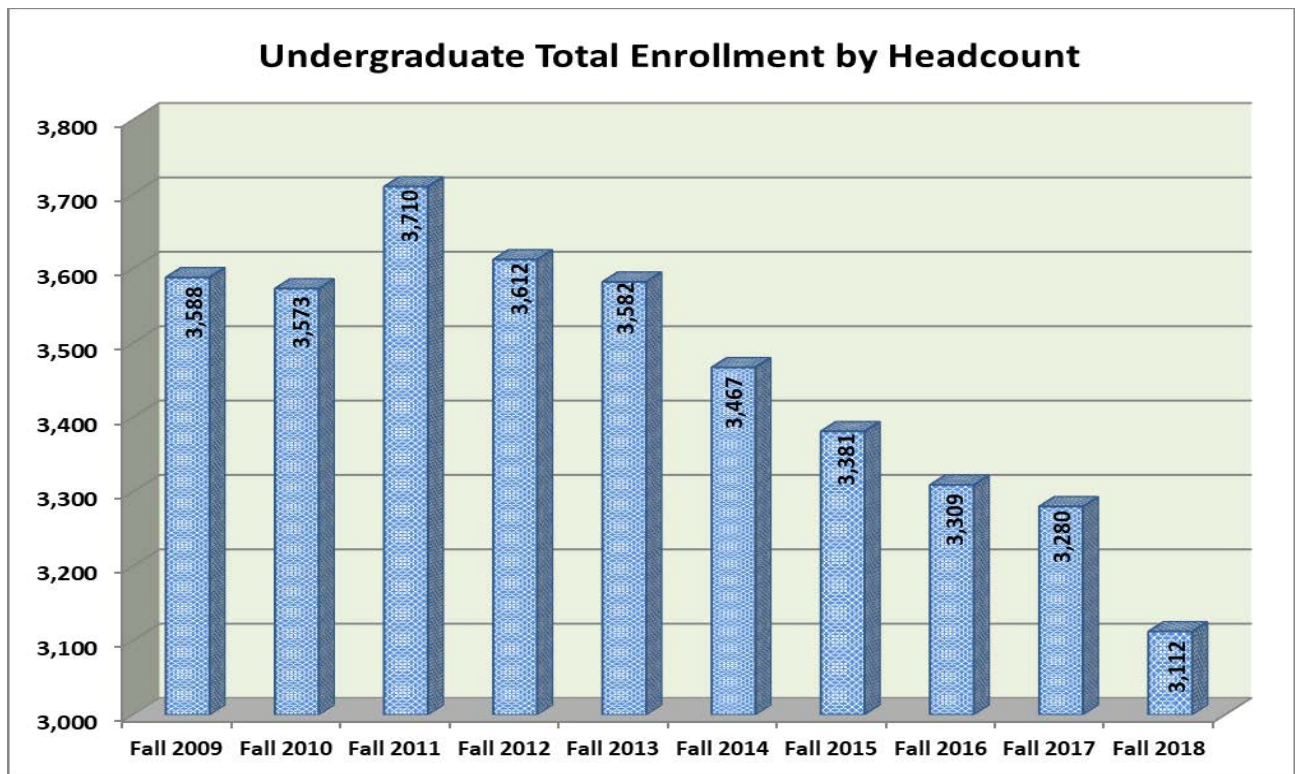

### Current Year Undergraduate Mennonite Enrollment

- The undergraduate full-time Mennonite (Mennonite Church USA and other Mennonite groups) student enrollment decreased by 94 students (12.2%) from 773 in 2017 to 679 in 2018.

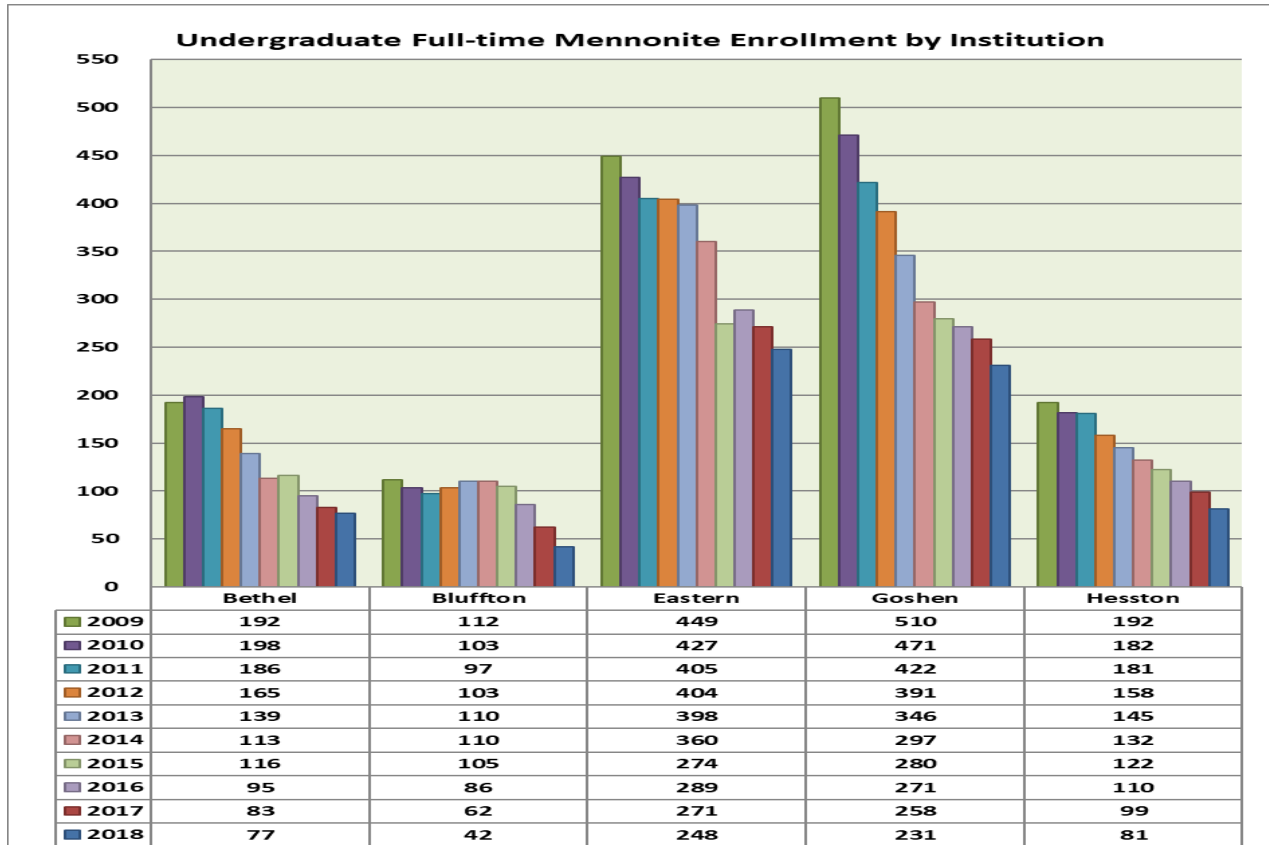

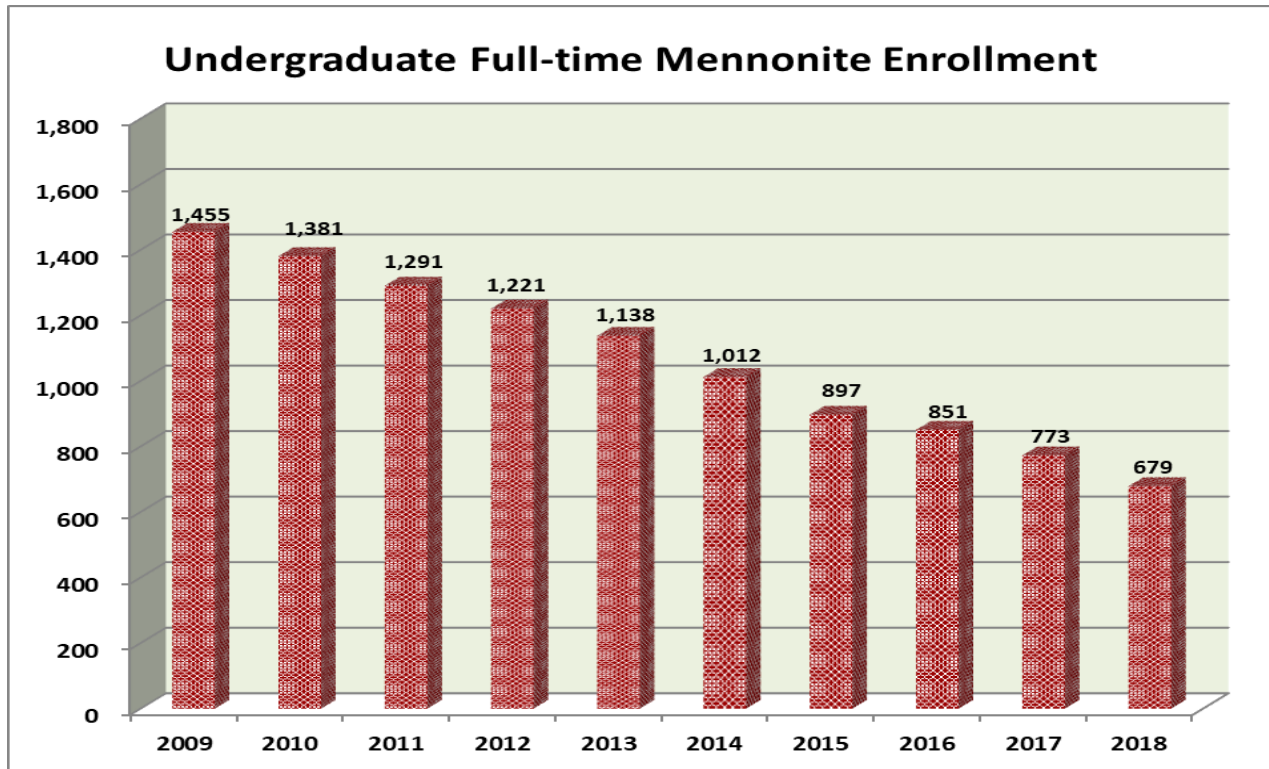

### Current Year Undergraduate Racial/Ethnic Enrollment

- The total Racial/Ethnic undergraduate student population decreased 15 students (1.8%) from 847 (25.8% of total enrollment) in 2017 to 832 (26.7% of total enrollment) in 2018. Increases in undergraduate Racial/Ethnic enrollments were experienced at two of the five higher education institutions from fall 2017 to fall 2018: Goshen (16) and Hesston (9). The other three institutions had slight decreases in undergraduate Racial/Ethnic enrollment, Bethel (-12), Bluffton (-8), and EMU (-10).
- Of the total 832 Racial/Ethnic undergraduate population enrolled in fall 2018, 89 students (10.7%) were Mennonite, and 743 students (89.3%) were non-Mennonite. This compares to 2017 in which the total Racial/Ethnic undergraduate population was 847—81 students (9.6%) were Mennonite, and 766 students (90.4%) were non-Mennonite. The number of non-Mennonite Racial/Ethnic students has decreased while the number of Mennonite Racial/Ethnic students increased.
- The total number of Mennonite undergraduate Racial/Ethnic students increased from 81 (2.4% of total enrollment) in 2017 to 89 (2.6% of total enrollment) in 2018. The total number of non-Mennonite Racial/Ethnic students decreased by 23 students to 743 (22.0% of total enrollment) from 2017 to 2018.

## Undergraduate Cross-cultural Impact

The following table provides seven-year trend data for the enrollment of undergraduate international students at Mennonite colleges and universities. The percentages provided are of the total system undergraduate headcount enrollment.

	<u>2012</u>	<u>2013</u>	<u>2014</u>	<u>2015</u>	<u>2016</u>	<u>2017</u>	<u>2018</u>
Total international student population	177 4.9%	184 5.1%	171 4.9%	166 4.9%	158 4.6%	184 5.5%	176 5.2%
Mennonite international students	23 0.6%	25 0.7%	22 0.6%	17 0.5%	20 .06%	20 0.6%	26 0.8%
Non-Mennonite international students	154 4.3%	159 4.4%	149 4.3%	149 4.4%	138 4.1%	164 4.9%	150 4.4%

- In 2018, international students (176) made up 5.2% of undergraduate enrollment. Twenty-six students (0.8% of the total headcount population) were Mennonite, and 150 students (4.4% of the total headcount population) were non-Mennonite.
- The undergraduate international student population decreased 0.6% from 177 students in 2012 to 176 students in 2018, that is, from providing 4.9% of the total student population in 2012 to 5.2% of the population in 2018.
- The cross-cultural impact on the undergraduate programs of the Mennonite colleges and universities can be calculated by adding the total (headcount) Racial/Ethnic and international student populations together. Thus, 832 Racial/Ethnic students and 176 international students, create a cross-cultural impact on the total undergraduate programs of 1008 students (32.4% based on headcount) in 2018. This compares to a total of 847 Racial/Ethnic students and 184 international students in 2017 for a cross-cultural impact of 1023 students (31.2% based on headcount) representing a decrease of 23 students (2.2%) from 2017 to 2018. Since 2009, the total cross-cultural impact of Racial/Ethnic and international students has increased by 452 students (81.3%) from 556 students to 1,008 students in 2018.

\* Definition of full-time students: A minimum (per semester) of

	<u>Undergraduate/ADC</u>	<u>Graduate/Seminary</u>
Bethel College	12 credit hours	
Bluffton University	12 credit hours	6 credit hours
Eastern Mennonite University	12 credit hours	9 credit hours
Goshen College	12 credit hours	9 credit hours
Hesston College	12 credit hours	
Anabaptist Mennonite Biblical Seminary		9 credit hours
Eastern Mennonite Seminary		9 credit hours

\*\* Definition of full-time equivalent:

Method A: Total student-hours or student-courses in the fall term divided by the normal progress toward graduation per term. For example, for the traditional 120 semester hours to be earned in eight semesters, the total student-semester-hours would be divided by 15.

Method B: The full-time-equivalent of part-time students (calculated as in Method A) added to the total number of full-time students.

Normal progress toward graduation (per semester) is:

	<u>Undergraduate/ADC</u>	<u>Graduate/Seminary</u>
Bethel College	13.5 credit hours	
Bluffton University	12 credit hours	6 credit hours
Eastern Mennonite University	15 credit hours	12 credit hours
Goshen College	14 (undergrad); 15 (ADC) credit hours	15 credit hours
Hesston College	15 credit hours	
Anabaptist Mennonite Biblical Seminary		12 credit hours
Eastern Mennonite Seminary		12 credit hours

## Anabaptist Learning Institute

*A program of Mennonite Schools Council  
and Mennonite Education Agency*

## OTHER DEGREE PROGRAMS

The Anabaptist Learning Institute (ALI) is a program of Mennonite Schools Council (MSC) and MEA. ALI is designed to provide an intentional Christ-centered orientation and professional education program for teachers, pastors and other leaders. ALI seeks to unify the Anabaptist community under a common set of educational experiences that encourage dialogue about faith and values. Participants refine and implement their philosophy of teaching and learning.

Thirty-four teachers have completed all four of the graduate-level courses, earning the MEA seal as an Anabaptist Educator. ALI provides opportunities to earn graduate credit provided by the Mennonite higher education institution offering the course—Anabaptist Mennonite Biblical Seminary, Bluffton University or Eastern Mennonite University.

Course titles are:

Learning the Language of Community	(1 graduate semester hour)
Understanding the Roots of Community	(3 graduate semester hours)
Building Caring Communities	(3 graduate semester hours)
Shaping a Community of Learners	(3 graduate semester hours)

Mennonite Learning Network offered three ALI courses online in 2018.

The following table shows attendance data for ALI courses—total enrollment to date is 270 students.

## NON-DEGREE PROGRAMS

The mission of Instituto Bíblico Anabautista (IBA) is to provide educational resources that promote biblical- theological training of Spanish-speaking leaders who will serve Mennonite Church USA in various ministries. IBA functions under Mennonite Education Agency (MEA) in partnership with Mennonite Mission Network and Iglesia Menonita Hispana. IBA is a biblical and theological education program for ministerial preparation. It was founded in 1988 to fulfill the vision of the Reference Council of the Hispanic Ministries Department of the former General Conference Mennonite Church.

The institute functions by study centers in the local congregations with a tutor assigned to each center. Most of the students take an active part in the leadership of their congregations, such as serving as Sunday school teachers or deacons, while others have been chosen as pastors and/or church planters.

### **For the year 2017-2018, IBA had:**

- A total of 251 students in 35 centers
- 35 centers in 9 states, and one in Mexico
- An average of 7.17 students per center
- Six new centers established—one in Florida, four in New York, and one in Philadelphia
- A total of 37 volunteer tutors, including eight coordinators
- 16 different courses taught and two workshops
- 28 participants, including 1 child, attended the Annual Students Retreat in Talladega, Ala.

## Youth Census Issues

- There was a 17.45% decrease in participating congregations in the Youth Census for 2017-18 compared with 2016-17.

## Mennonite Church USA Response to Requests for Youth Census Information

- The movement of congregations in and out of Mennonite Church USA membership makes detailed trend comparisons difficult.
- The total Youth Census database, as of 2017-18, contains 12,255 active names.

## Active Count by Graduation Year

The Youth Census table reflects the database according to high school graduation year. These counts represent the actual number of Youth Census names *available* for each graduation year, not the total number of high school graduates for the entire church.

## Comparison of Mennonite College/University Attendance Reporting with Youth Census Reporting of Higher Education Enrollment by Congregations

College/university attendance information is requested on the Youth Census data collection form. Some persons submitting census information have good data available to them and some do not, so the consistency of this information varies.

However, a comparison of the reports regarding Mennonite college/university attendance was included in Table 16 even though the long-term value of this report may be in question.

This model is flawed because it assumes that the college/university students included in a specific enrollment year all came directly from high school to higher education. The reality is that college/university students often take time out for service, work or travel rather than follow a four-year lock-step sequence to enrollment in a college/university. However, the model begins to lay the foundation for tightening the collection of data around this question.
